

## ASSOCIATE VETERINARIAN

Do you have superior communication skills and a passion for veterinary medicine based on a relationship-centered approach? Are you energetic, reliable, and a supportive team player? Do you desire to be part of the Fear-Free movement? Are you excited by a dynamic, ever-evolving approach to veterinary medicine? If you answered “yes” to these questions, then you may have found the perfect match!

## WHO WE ARE LOOKING FOR

We are looking for a veterinarian who thrives in a team environment and who readily builds positive rapport with clients and colleagues. The successful candidate should have excellent written and verbal communication skills and demonstrate a commitment to preventative small animal medicine and surgical care. The candidate must have a passion to form positive relationships with coworkers and a drive to be a member of a professional team providing excellent service through education and cooperation with clients. Believing the best medicine involves collaboration, we are open to new ideas as well as always being there to assist less experienced colleagues with both surgical and medical case management and diagnostics. We are looking for someone who shares our vision, mission and values and will conduct themselves in keeping with our motto. The successful candidate must demonstrate empathy, kindness, compassion, possess and “ownership attitude”, be an ambassador to our brand, an outspoken champion of our hospital, and deliver an exceptional service experience to clients and colleagues alike.

New graduates are welcome to apply; mentorship and team medicine are paramount to our mission. Each veterinarian works with their own exam room attendant and is supported by an experienced and enthusiastic staff. We schedule two to three vets per day with overlapping schedules to allow for team-based management and internal consultations. We customize our health care to individual patients' needs and foster close client relationships.

## AT ERINDALE ANIMAL HOSPITAL
